

The Co-operative Nursery School of Almonte

Policy for Cancellation of Executive Meetings

One week notice will be required in order to cancel a scheduled executive meeting, unless school buses and nursery school have been cancelled and the school did not open the day the meeting was scheduled, in which case there will be no meeting. In the event of an emergency (flood, power outage, etc.) or inclement weather requiring cancellation without notice, the President will make every attempt to contact each member on the board and staff.
