

The Co-operative Nursery School of Almonte

Inclement Weather Policy

The Cooperative Nursery School of Almonte will follow the UCDSB policy on bus cancellations for inclement weather. However, the nursery school will remain open on days when the buses are cancelled if our regular teachers are able to arrive to work safely or if supply staff is available and can safely arrive to work to carry out the school program. Parent Reps will inform you as soon as they can to let you know if staff is available to open the school for the program to run on days when the UCDSB has bus cancellations.
